HOUSINGLMS.COM

LEVEL 6 CERTIFICATE IN FIRE SAFETY FOR CONSTRUCTION

OVERVIEW

The Certificate in Fire Safety for Construction course is aimed at improving fire safety awareness for managers in building safety, construction and facilities. You will learn about current and future legislation, building design and building construction, fire risk assessments, fire science and human behaviour and most importantly, how to manage and implement fire risk management systems.

CONTENTS

The course is divided into two units:

- ➔ **Unit 1** – Legislation, Regulation and Enforcement and how fires perform in certain types of buildings
- ➔ **Unit 2** – Principles of Fire Risk Assessment, Principles of Fire Risk Management, Fire Science and Human Behaviour

ASSESSMENT

Assessments are by scenario-based assignments, which are completed as the course progresses, with candidates getting regular one to one feedback from our tutors.

PRICE

£950

+VAT PER CANDIDATE

PLUS A CIOB CANDIDATE REGISTRATION FEE OF £103

DURATION

The course will be delivered via weekly live online webinars (approximately two hours per week) over a period of approximately **13 weeks**. The webinars will also be recorded so that any missed sessions can be watched back.

CERTIFICATES

Upon successful completion of the programme candidates will be awarded a CIOB Level 6 Certificate in Fire Safety for Construction.
