CIOB LEVEL 6 DIPLOMA IN BUILDING SAFETY MANAGEMENT

OVERVIEW

The CIOB Level 6 Diploma in Building Safety Management is designed for construction professionals moving into this key duty holder role. The qualification develops the learner's knowledge and skills to manage the safety of the building in occupation. This qualification comprises 6 units.

CONTENTS

- ➔ Unit 1: Fire Safety Legislation for Construction
- ➔ Unit 2: Fire Safety Management for Construction
- ➔ Unit 3: Building Safety Management
- ➔ Unit 4: Health Safety & Well-being for Building Safety
- ➔ Unit 5: Technology & Structures for Building Safety
- ➔ Unit 6: Building Regulations for Construction

Completion of the two Fire Safety Units are required to obtain the Level 6 Certificate in Fire Safety in Construction.

ASSESSMENT

Assessments are by scenario-based assignments, which are completed as the course progresses, with candidates getting regular one to one feedback from our tutors.

TUTORS

Brad Walker

EngTech, AIFireE

Member of the Engineering Council and Institute of Fire Engineers, Brad has various qualifications in Fire Safety, Fire Investigation and Management. As a Fire Safety Consultant, he has advised on Fire Strategies for several housing organisations as well as developing and delivering fire safety training.

FSSLTD.ORG

Brent O'Halloran

Director, O'Halloran Consultants Ltd

Brent is an advocate for improving the sector's approach to building safety and asset management. With a reputation for being a contrarian and challenging convention; he's the architect behind many big ideas, and is currently working with Clarion on developing their building safety offer.
